DAVISS GROWERS AGREE TO HOLD THEIR TOBACCO

Sign Pledges to Hold Weed for Ten Days. Will Try and Influence Growers of Other Counties.

The tobacco growers of Daviess county met in a majority of the 120 school districts last Friday night and signed pledges agreeing to hold their tobacco off the Owensboro market for a period of ten days. They were prompted to take this step upon the refusal of the warehousemen of Owensboro to close their floors.

Not only do the majority of tobacco growers in Daviess county intend to hold their weed, but it was announced at this meeting that they would try and influence growers of McClean, Hancock, Breckinridge and Ohio counties to do likewise.

Leaders of the organization pending say that they feel sure that they can sell the better grades of tobacco at better prices. They plan to put the lower grades in hogsheads and prize. An advance of 50 per cent of the value of the tobacco will be made in warehouses to await a rise in the market.

There seem to be no indications whatsoever that the loose leaf floors in Owensboro will close their doors pending the organization.

The first week's sales on the Owensboro market with the offering of 100, 175 pounds of prior, which brought a general average of \$7 the

100 pounds. The sales for the week totaled 647,650 pounds for which the growers received \$43,607.13, a general average of \$6.73 per hundred lbs.

Comparing last week's sales with first weeks sales of former seasons. In 1919 sale amounted to 1,139,990 pounds, which brought \$155,746.13, a general average of \$13.36 a hundred pounds. In 1918 the first week's sales amounted to 2,773,950 pounds which brought the farmers \$403,388.99 a general average of \$16.71 per one hundred pounds.

Last year the first week's sales were low in comparison to those in the two years previous.

In Friday's sales some of the good baskets brought from \$29 to \$35 per hundred. The lower grades are selling around \$1, \$2 and \$3 per hundred.

MASONIC RITES FOR DR. LIGHTFOOT

Many Pay Last Tribute to Prominent Local Physician Who Was Buried Thursday.

The funeral of Dr. Forrest Lee Lightfoot, which was held at his late residence in the East End on Thursday afternoon at 1:30 o'clock, was very largely attended by relatives and scores of friends, who paid their last tribute to one whom they loved.

Rev. J. R. Randolph, pastor of the Methodist church, assisted by Rev. E. C. Nall, pastor of the Baptist church, officiated at the home. Members of the Masonic order said their last rites at the grave in the Cloverport cemetery where Mr. R. L. Oelze was Master of ceremonies. There were many beautiful floral offerings.

The pall bearers were: Messrs. J. C. Nolte, Thos. Odewalt, F. P. Payne, L. McGavock, J. Byrne Severs and Henry Yeager.

From 1:30 to 2:30 the business houses on Main street closed their doors during the funeral hour.

Those from out of town who attended the funeral were: Mr. and Mrs. John Skillman, Dr. John E. Kincheloe and Mrs. Kincheloe, Mrs. Jeff Owen, Messrs. Thomas and Arthur Beard, Mr. and Mrs. Herbert Beard, brother and sister-in-laws of the deceased, all of Hardinsburg, Mr. and Mrs. Lightfoot Miller, Mrs. George Bently and Mrs. Adair, of Hawesville, Mrs. Ella D. Gregory, of Brandenburg, and L. R. sister, Mrs. L. Hart, of Jeffersontown. Besides being a Mason Dr. Lightfoot was a member of the Knights of Pythias and Knight Templar Orders.

LIME PULVER AS- SURED FARMERS

Bank of Hardinsburg & Trust Co., Will Advance Necessary Funds to Secure Shipment.

The Bank of Hardinsburg has again demonstrated its interest in the welfare of the farmers of the county by offering to advance the necessary funds to pay the freight on the lime pulver that will arrive in the near future. The pulver will be loaned free to the farmers of the county, the state only asking that the farmers pay the freight. A small fee will be collected from each farmer using the pulver to reimburse the bank for the freight.

By careful records Breckinridge county farmers have found that they can get out rock and pulverize it for less than \$1 per ton. Considering that in some parts of the country farmers are spending as high as \$8 per ton to get lime on their farms, this is a remarkable proposition. Few farmers can afford to turn down the State's proposition.

Any farmer interested in the pulver should get in touch with the County Agent at the Bank of Hardinsburg.

A special train was sent out from Louisville and the passengers were transferred on to it.

FARMERS THINK 1921 CROP SHOULD BE ELIMINATED

This Was General Opinion Expressed at Farmers Institute in Hardinsburg, Monday and Tuesday. Women Hold Conference Too.

"That the 1921 tobacco crop in Breckinridge county should be eliminated," was the general consensus of opinion among the leading farmers of the county who attended the Farmers Institute held in Hardinsburg, Monday and Tuesday of this week. The farmers vied among themselves that they would not get anything for this year's crop unless they cut out the 1921 crop, but they did not enter into any written agreement to that effect.

The Institute was considered quite a success. There was much interest manifested in the general cause of agriculture. The first day was not so well attended owing to inclement weather, but Tuesday's program brought out between two and three hundred people.

Attorney Jesse Eskridge presided at the Institute Monday and Judge H. DeHaven Moorman made the welcome address. Following him was Mr. Tate Bird, who made an excellent talk on "Dairying." Mr. Bird said that better dairying should be encouraged in the county. He urged the farmers to improve their herds by getting better producing cows.

Tuesday's meeting was presided over by Judge Henry DeHaven Moorman. At the morning session, Rev. Father J. F. Kne made a good talk along general lines of farming. Mr. James Speed addressed the meeting after Rev. Kne, and following him was H. A. Pickett, poultryman on "Care of the Home Flock."

What interested the farmers most perhaps at this time, was John N. Newman's views of the "Tobacco Situation."

While the men were holding their meeting in the Court House, the women gathered at the city hall to hear Miss Sue Bearesley on Home Economics. The children of the public school were dismissed for the purpose of being allowed to hear Miss Bearesley so that this meeting was largely attended.

SAYS HE BELIEVES IT SAVED HIS LIFE

Contractor Declares Tanlac Has Restored His Health After He Almost Gave Up Hope.

"If it hadn't been for Tanlac I don't believe I'd be alive today," said William F. Keys, 842 Lake street, Toledo, Ohio.

"Three years ago my stomach went back on me and other troubles set in. I had indigestion and lived almost entirely on liquid diet and even this disagreed with me. Dizzy, fainting spells often came on me suddenly, my kidneys were all out of order and my back hurt me so bad I could hardly move. Last year I underwent a painful operation but that left me in a weaker condition than ever. I began to fall off in weight and during the past six months I have been unable to attend to my business hardly at all.

"But I am today a well strong and healthy man and Tanlac is the cause of it all. I have gained sixteen pounds in weight and I feel as fine as I ever did in my life. My appetite can't be beat and I can eat anything and digest it perfectly. My kidneys are in good condition and my back never hurts me at all. I never have dizzy, fainting spells any more and I can attend to my business as well as I every could."

Tanlac is sold in Cloverport, at Wedding's Drug Store, in Kirk by Mattingly Bros., in Addison by L. D. Addison, in Ammons by Wm. H. Dutschke, and in Stephensport by R. A. Shellman.—Advertisement.

THE PRESIDENT-ELECT

Something happened the other day that has never before happened in the history of the United States. It was when President-elect Harding addressed the Senators it being the first time that a Senator ever came before his colleagues as the President-to-be.

It did not take Senator Harding but ten minutes to deliver his speech before the Senators. But he told them concisely enough what lay before them, and that they were facing "no easy task."

At present all eyes are on the President-elect waiting and watching to know his plans, his policies and those whom he will choose to serve on his cabinet. True enough, it is "no easy task" before him and that great body of Senators to govern the affairs of the country.

We are looking forward to better times, but there never will be a time when everybody is satisfied. Contentment comes from within. Each administration has its good and bad points. The best thing is for each individual to look for the good, be patient with the bad, and be cooperative in spirit as far as possible, with the high chief and those in power.

The Editor of The Breckenridge News, has in the past few weeks, received several communications from some of its readers without any signature. Such communications have been in the form of personal items, obituaries, engagement announcements, etc., and were not published because they were without signature.

We urgently request our contributors to always sign their name if they would be sure of having their items, etc., printed. It is our pleasure to publish them when properly signed.

The Breckenridge News publishes the many Santa Clause letters with great pleasure, and we hope Santa will not miss seeing a single one of them, so that these precious little folks may have every desire fulfilled at this happy season of the year.

Hambone says there is no difference between the Republican and Democrats "ceptin' around election time," which is pretty nearly the truth.

The word "Christmas" loses all of its beauty and charm when we write it "Xmas." It doesn't take much longer to give it its proper spelling.

When in doubt send The Breckenridge News, which will be a reminder of the giver fifty-two times a year.

Of course you're almost ready and will avoid that Christmas rush once in your life anyway.

There's some good Christmas suggestions in the advertisements of this issue.

Oil rumors are all about us.

He is a progressive farmer and believes in and practices ideas he gathers at the institute. He said when he bought his present farm, the first crop of corn he planted he got 7 bushels of corn to the acre. The same field he said was now producing 50 and 60 bushels.

Mr. Cannon had the only apples in his neighborhood this fall. He sprayed

Mr. Cannon gave the writer a sample of his apples and they showed up as fine as apples that are now selling on the fruit stands for 5 and 7 cents a piece.

PRINT PAPER

We are in receipt of a communication from one of the best authorities in the country on the print paper situation. He says: "The Canadian paper manufacturers—especially those who export largely—have announced an advance of \$5.00 per ton, on news print, effective on January first, 1921. It is understood that the American manufacturers will make no reduction in the 1921 contract prices.

"The world is using news print faster than it is produced and stocks are being depleted. It does not appear, therefore, that prices, at least to the small consumer, will be reduced to any extent for several years.

"It is true that experiments are being made to find a practical substitute for wood pulp and these may prove of benefit at some time in the future but these developments are slow and expensive and their success is more or less problematical and they can have no effect on the paper market within five or six years at the very earliest."

The publisher of a weekly newspaper must, of he is wise take these matters into consideration and raise and keep his advertising and subscription rates high enough to provide for the present prices of news print and a probable increase for 1921.—The Business Printer.

"I Spent \$1 on Rat-Snap and Saved the Price of a Hog."

James McGuire, famous Hog Raiser of New Jersey, says, "I advise every farmer troubled with rats to use RAT-SNAP. Tried everything to get rid of rats. Spent \$1.25 on RAT-SNAP. Figured the rats it killed saved the price of a hog." RAT-SNAP comes in cake form. No mixing with other food. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Conrad Payne & Co., Cloverport, and B. F. Beard & Co., Hardinsburg.—Advertisement.

U. S. ASKED TO AID HUNGRY CHINESE

Famine Stricken China Calls For America's Help. 50,000,000 Are in Want.

Washington, Dec. 9.—The American people were asked today by President Wilson to "respond as they can" to the "appealing cry for help" from famine stricken China. At the same time Mr. Wilson announced the appointment of a committee of 130 men and women in all parts of the country to collect the funds contributed.

Our diplomatic and consular agencies in China inform us," said the President, "that the loss resulting from death in distressing form may run into millions of souls." Mr. Wilson added that he realized that the task of giving today was not a light one, but that he ventured to make the appeal "not only in the name of humanity but in that of the friendliness which we feel for a great people in distress."

The President said that in order to assure an orderly collection of contributions he had invited "a nationwide committee" to lend its aid. Thomas W. Lamont of New York is named chairman of the committee, and Acting Secretary Davis of the State Department, treasurer.

In his appeal Mr. Wilson said: "Under the circumstances, relief to be effective should be granted quickly. The case of China I regard as especially worthy of the attention of our citizens. To an unusual degree the Chinese people look to us for counsel and for effective friendship. Our churches, through their religious and medical missionaries, their schools and colleges, and our philanthropic foundations have rendered China an incalculable benefit, which her people recognize with gratitude and devotion to the United States. Therefore, not only in the name of humanity but in that of the friendliness which we feel for a great people in distress I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help."

L. C. TAUL WRITES FROM TALLAHASSEE, FLA.

To Mr. George Brown and Family: Well, we are at Tallahassee, Fla. I will give you some of our trip. We left Cloverport, Sunday, Dec. 5, at 9:15 in the morning, arrived in Louisville at 12:20. Left Louisville at 2:20 in the afternoon, Sunday, Dec. 5, and arrived in Nashville, Tenn., at 9:20 that night. Left Nashville at 9:30. Only had 10 minutes lay over. Arrived in Birmingham, Ala., at 5 o'clock Monday morning. Left Birmingham at 7 o'clock Monday arrived in Columbus, Ga., at 1:20 o'clock Monday afternoon and arrived in Tallahassee, Fla., 12:30 Monday night. We went to the hotel for the night. Irene was tired, but she got along nicely, better than I thought she would. After we got to Birmingham, Ala., the pine mountains kept her busy looking at them. For 200 miles through Alabama there was nothing but pine mountains to see, and a negro and a cotton field.

I would not have the state of Alabama, if they would give it to me, that is, the part we came through. We came through 200 miles of Alabama and there was nothing a white man could live on in that distance of the State. Then we got into Georgia. It was some better. But when we got in-

to Florida the land was still better. Some of the land in Florida is worthless and level as a house floor.

I went out Wednesday 40 miles in the country, to the Turpentine woods. That's where they make turpentine in the pine woods. We drove 18 miles in an automobile through the pine woods nothing but pine timber and it was fine, cotton, marble mines and the manufacturing of turpentine. Oranges, bananas and peanuts. Everything is green here, right around Tallahassee. They don't raise many oranges, but lower down they raise fields of them like we have corn and tobacco.

We are going down on Key West in a few days. That is on the bay and gulf. I was within 8 miles of the gulf Wednesday, but did not have time to go on to the gulf. Down where I was in the pine woods and turpentine woods there are deer, wild turkeys, hares and wild hogs. I was on the spot where there was a bear, which weighed 400 pounds was killed about a month ago.

Tallahassee is a very pretty place. I was up in the capitol building. You can see for miles. The trip is worth the money we have spent. We are going down on the gulf in a few days. It is warmer down there. Oranges, bananas and all vegetables are just as green and growing a corn and tobacco in Kentucky in July and August. Out in the country is more interesting to me than in the city.

The people are very nice to us here. The man I went out to the turpentine woods with was a millionaire and a very nice man. Said he was going to

take me over to the bay and lakes. Well, I don't know what more to tell you at present, will see more in a few days and write you again. Tell Marion Weatherholt we can get every thing here but Kentucky whiskey.

I don't think Tallahassee is the place for Irene. Think we will go lower down. They have cool nights here and some fire, but not like we have. Down at Key West it is warmer there all the time. They build their houses without any chimneys. Don't need fire at any time.

Tell Boyed if I can catch him the alligator. I sure will bring it. There are small ones here. Tell everybody "Howdy" for us.

I am just writing you a short letter this time, will write you a long letter after while. They are way back in some things here. You will see yokes of cattle come in town, and one ox in a wagon, in shafts like we have horses in a buggy.

Well I will quit. Don't send our mail to us yet, will not be here but a short time. We are going on down farther South, and if it is not better than here will be home the next move. The climate here will not suit Irene I don't think, but we never know until we try a thing. It is not as cold here as it is in Kentucky, but the climate is a malaria climate, that will not suit Irene. Irene is not feeling so well today she never got up until noon. It is cloudy here and a cool wind from the gulf. For my self never felt better. This climate suits me. Hope this will find you all well. Yours, L. C. Taul, Tallahassee, Fla.

"WELL OLD MAN, HOW ARE YOU?"

If Your Blood is Rich and Red You Say, "Fine"

ENTHUSIASM IS RED-BLOODED

Try Pepto-Mangan if You Feel Weak and Look Pale.

Sometimes you are almost down and out. You know you are not really sick, but you have a petered-out feeling. You eat little. You drag along. In the morning you look at your face in the mirror. You feel years older when you see how pale and haggard you are.

It is your blood. It needs red corpuscles. Instead of poking along half sick, why don't you try taking Pepto-Mangan, the blood tonic? It has just the ingredients weak blood needs. With red blood your energy and enthusiasm return. You eat better. You tackle work and achieve.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is sold in both liquid and tablet form. The medicinal properties are identical.

Sold at any drug store. But be sure to get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name, "Gude's" Pepto-Mangan," is on the package.—Advertisement.

ADDISON-HOLT

Things are still on the boom in Addison. We now have eight new dwellings and all occupied. Also the storage house completed. The office building almost finished, the concrete foundation laid and next will start the mess house. Plans are being made for a power house and ice plant. More men are expected to arrive next week to take positions with the government on the lock and dam.

The hard rain Saturday caused the river to raise a few feet, also made it fine for tobacco stripping.

L. D. Addison received a car load of coal last week which he disposed of at 26c per bushel.

Several enjoyed the surprise party Saturday night at Mr. W. Ahl's, of Holt.

Messrs. Beckham Barger and Myrl Krouch, of Frymire, took dinner Sunday with Mr. Goldie Claycomb and accompanied by him spent the afternoon and evening the guests of the Misses Rhodes.

The crowd of young folks took a pleasure ride to Stephensport, Sunday night they gathered at Addison for a pleasant evening together.

HOUSE PASSES BILL FOR MERIT MEDALS

To Reward War Service in Merchant Marine.

Washington, Dec. 8.—The first legislative action of the House at this session was taken today with the passage of a bill authorizing the President to issue medals of merit for distinguished service performed during the world war by officers and men of the United States Merchant Marine. The vote was 315 to 7.

The House passed as its second piece of legislation a bill by Representative Hagen of Iowa, chairman of the Committee on Agriculture, designed principally to prevent deception of the public in the purchase of manufactured articles wrapped or boxed so as to make them appear of greater size or quality than the contents are by actual weight or volume. The bill as passed, would require that the quantity or the contents be plainly marked on the outside of the package in terms of weight, measure or numerical count.

ANNOUNCEMENT

On and after January 1, 1921 I am going to adopt a cash system for selling merchandise. I will sell for cash only. I am doing this for two reasons. One is it will place me in position to sell you goods from 10 to 15 per cent less than I can sell them now. The capital it takes to carry long standing accounts compels a merchant to sell goods for a larger per cent of profit. Besides it enables the man that pays cash to buy his goods a great deal cheaper and the man that buys on credit can borrow money and save from 6 to 10 per cent by paying cash. And another thing it eliminates all errors that are liable to happen in book keeping.

Second, it will do away with the work and expense of keeping books which adds largely to the overhead cost of doing business. As I am going to adopt the cash system would ask that everyone who is indebted to please make their arrangements to settle all accounts by the 1st of the New Year 1921.

I am sure it will mean much in dollars and cents to both parties concerned.

I want to thank my many friends and customers for past favors and solicit your valuable patronage in the future.

E. A. HARDESTY, Stephensport, Ky.

COUNTY TEACHERS GET TREASURER'S CHECKS

Receipts of Sheriff's Taxes Replenished State Treasury.

Frankfort, Ky., Dec. 10.—The monthly installment of state school funds payable to the counties will go to the schools tomorrow in the form of treasurer's checks instead of warrants bearing five per cent interest, as was the case in November, it was announced at the office of the State superintendent of public instruction today. Receipts of taxes from sheriffs of the various counties has replenished the treasury it was stated.

Kentucky assists the schools by payment of approximately \$650,000 monthly. The aid fund is paid in six equal monthly installments and aggregates \$6.10 for each child of school age in the various districts. The minimum school term under the Kentucky law is six months.

This year, according to J. F. Taylor assistant to State Superintendent Colvin, the counties are paying a much larger proportion of the salaries of teachers than ever before. Prior to this time, he said, virtually all of the salaries of the teachers in the country schools came from the state. This year the average increase in pay was about 50 per cent, except in the cities, and all of this is paid by special taxation in the districts.
